

ORGANIZE, RESTAFF AND MODERNIZE YOUR MINING DISTRICT TO POSSIBLY HAVE A MODERN DAY FEDERAL RECOGNITION

This is an example on how to organize your MMAC Assisted Mining District.

WARNING

**IF YOU SET UP, FILE AND OPERATE YOUR MINING DISTRICT WRONG, YOU POSSIBLY
MAY KILL ANY CHANCE OF YOUR MINING DISTRICT TO BE FEDERALLY
RECOGNIZED IN A MODERN DAY SENSE, TO EXIST IN CURRENT DAYS AND YOU MAY
KILL THE CHANCE FOR ANYONE ELSE IN THAT MINING DISTRICT TO OPERATE
UNDER THAT MINING DISTRICT. THIS MAY OPEN YOU UP FOR A LAWSUIT.**

**Please review and do your own due-diligence
too make sure what MMAC is telling you is correct for your Mining District**

YOU SHOULD NOT START A NEW MINING DISTRICT

- 1) Instructions for the preliminary setting up of your MD will be found in your MD membership package. Why has this changed?
 - a) Because non-MMAC member miners that are uninformed or listening to the uninformed, have started setting up or have set up their mining district(s) incorrectly
 - b) Have become confrontational with agencies
 - c) Have not availed themselves to the proper process and
 - d) Are not consistent with the mission of MMAC or the law.

- 2) When all the above is completed, e-mail the documentation to MMAC at:
miningdistricts@mmacusa.org so that MMAC can first;
 - a) Verify your mining district
 - b) Possibly certify your mining district
 - c) Then to see if it may qualify for modern federal recognition as a legitimate Mining District and not a club or non-profit.

(Example: There are many Native American tribes in the same position. They are legitimate tribes, not federally recognized.)

WHY HAS NO ONE OR ANY ORGANIZATION THAT SAY'S THEY ARE FIGHTING FOR THE MINERS RIGHTS ACHIEVED WHAT MMAC HAS? BECAUSE THEY FIGHT DEFENSIVELY ON GROUNDS THAT THEY CANNOT WIN OR THEY JUST WANT MONEY AND GLORY. THESE ORGANIZATIONS OR PERSONS JUST DO NOT UNDERSTAND THE LAWS, THE COMPLEXITY OR HAVE THE ABILITY FOR A SOLUTION BECAUSE IT IS VERY HARD WORK. YOU BASICALLY MUST GIVE UP YOUR REGULAR LIFE TO UNDERTAKE SUCH A TASK. MMAC MEMBERS HAVE PLEDGED GIVING UP THEIR REGULAR LIVES TO UNDERTAKE THIS OFFENSIVE WINNING TASK FOR ALL. THE APPRECIATIVE AND THE UNAPPRECIATIVE.

More education to come! **DONATE TO MMAC TODAY.**

Thank You
Minerals and Mining Advisory Council (MMAC)

SHOW THE GOVERNMENT UNITY
SO WE CAN CHANGE FEDERAL AND STATE LAWS**

Send MMAC your web-site for us to link to

It is important for the government to see Mining Districts are unified across America.

**MINING DISTRICTS ARE A POWERFUL CONSTITUENCY
AS LONG AS WE ARE ONE.**
