

Minerals and Mining Advisory Council (MMAC) Conference Call:

Set for Saturday March 21st, 2015 9:00am pst.

Dial: (712) 775-7031 Put In Meeting ID: 929-328-983#

Thank You for taking the time to participate in the Process.

MMAC will explain the why, what and how on this conference call, plus answer everything that is possible with legal precedence, existing Congressional and Natural Resource Committee involvement, statutes, published cases, cited cases and cite laws with codes. MMAC will explain how long it has existed (You will be surprised at this answer). MMAC will answer everything that is possible with legal precedence, existing Congressional and Natural Resource Committee involvement, statutes, published cases and cited laws with codes so everyone knows it is not just a view of MMAC's. Then talk about how you can participate in your local area BLM, Forestry and State Park Roundtable Committees being on the inside, not on the outside. Plus, how to open roads, dredging, mining, etc. again. MMAC will go over the Newly proposed HR761 Bill already in Congress's hands delivered by MMAC. MMAC has already been recognized and has representation in the United States as Federal Public Land Stakeholders, which means all miners are recognized.

If you participate with an email you will be given, probably the strongest piece of statute and legislative paper, with everything you need to become, ONE VOICE at the Congressional level and ON THE INSIDE under MMAC.

Please email your questions, concerns, suggestions etc. ahead of time to conference@mmacusa.org and conference@mineralsandminingadvisorycouncil.org All emails must be in by March 18th, 2015 10:00am pst.

MMAC will try to answer all the emails on the conference call. The conference call will be recorded. Any questions that come up from the conference call will be addressed on another recorded message on the MMAC web-site. Please send any other questions in resulting from the call.

This is a nationwide conference call set up for 1,000 people only. See you there. Please have at least 5 miners, clubs or organizations from each MMAC Administrative District from all the States. We will start on time.

**MINERS DON'T WAIT! THERE IS NO TIME LEFT ACCORDING TO WHAT THE CURRENT
ADMINISTRATION IS COMPLETEING IN 2015.
THAT IS WHY WE ARE MOVING SO FAST.**

**MMAC IS NATIONAL AND CONGRESSIONAL
REPRESENTATION FOR ALL MINE OWNERS AND ALL MINERS.**
