Why Join MMAC?

The Minerals and Mining Advisory Council (MMAC) is a non-profit 501(c)(6) organized to better serve miners in organizing and modernizing existing mining districts and to help all citizens with road closures, mineral withdrawals, land designations and over-regulation. We are fighting for your rights offensively and defensively at the federal level. Joining together gives us all a greater voice.

MMAC is here to assist miners in navigating the complex concept of Mining Districts and how they must operate under the general mining law of 1872 in modern times. MMAC is making the case for our rights as mining districts.

Our committed volunteer MMAC members are insuring we stay in the fight offensively at the federal level to make changes nationally with a goal to recognize that the local mining districts can govern land management within the mining districts under an Memo of Understanding (MOU) as the law intended. MMAC experts will guide the miner through the complex maze to achieve this.

MMAC has been working tirelessly forming bonds with agencies, politicians, organizations, committees and other user groups to ensure that miners and mining districts win and you get to use public lands as they were intended by Congressional Law and our forefathers.

MMAC has had many successes from which the miner and other land users, have benefited. It's time for you to **Join us and support our organization that supports your outdoor rights and interests on Federal lands.**

The Founders of this great country have defined our rights. It's our turn to step up for our kids and grandkids and demand those rights be recognized as we defend them. MMAC is the leader in protecting your rights for MULTIPLE USE on Public Land through Mining Districts and the grass roots unification under one large federally recognized constituency.

What Does MMAC Do For You?

- ❖ MMAC is currently working on several draft bills and amendments with multiple legislative counsel in Washington, DC.
 - ❖ MMAC is recognized as the first Minerals and Mining organization to have proven SOLUTIONS regarding over-regulation at county, state and the federal levels.
 - ❖ MMAC is the first U.S. Mining District support organization for modernization and recognition of Mining Districts.
 - ❖ MMAC provides the only U.S. Mining District consistency that is recognized by Washington, DC and state governments. Congressional representatives are asking for MMAC's help on several levels.
 - ❖ MMAC has been involved in, and has assisted in successful reversal of, land designations.
 - ❖ MMAC has been involved with the reversal of court cases harmful to the miner.
 - ❖ MMAC is developing a Memorandum of Understanding's (MOU's) between mining districts and the BLM and USFS.
 - ❖ MMAC is recognized for its strength, decision-making and the ability to arbitrate certain decisions.
- ★ Financially support MMAC's mission.
 - ★ Volunteer and become an MMAC Administrator or Advisor.
 - ★ Show unity and become a partner in the large constituency between miners and other outdoor user groups. Your membership will support MMAC's ability to fight, preserve, and regain our rights for the multiple use of our Federal lands.

Please join for \$50.00 and stand tall with MMAC! BECOME A MMAC MEMBER TODAY!
