

Why Join MMAC?

Where do you think you would be today had MMAC not come along? There would be no one out there fighting for your rights offensively as well as defensively and at a federal level bringing the mining districts into organization and modernization to help everyone concerned with road closures, mineral withdrawals, land designations and over - regulation.

Could there have been other organizations looking out for your rights as mining districts and doing what MMAC has done? YES! Have they? NO!

These other groups do not understand or have the expertise on the whole complex concept of Mining Districts and how they must operate in modern day times with modern day laws. So far, they are unwilling to inquire with MMAC experts to correct misinformation they have circulated. These few small groups are willing to take your money, but be aware of these imitators who claim to know how to set up and run a Mining District or disregard the mining district power.

Simply, those individuals and groups that operate by basic inquiry of Mining Districts does not qualify them for teaching the advanced courses of the power, the running and limitations of a Mining District. Several of these so-called mining groups are being very divisive in disinformation in order that they not lose their own membership. We at MMAC do not advocate abandoning your existing memberships, but rather, encourage the support of MMAC and your local Mining District in order to help existing organizations become more effective.

Who Is MMAC?

MMAC started off as a private educational entity, assisted for two years as a project under Public Lands for the People with volunteers who put their businesses and lives aside, paid tens of thousands of dollars for everything out of their own pockets, brought together the best expert minds on the subject of mining districts, mineral and environmental law, Congressional and military representation, organization structure consistent with the U.S. Constitution and local governance. Now it has evolved into a taxable LLC.

MMAC cared enough to make the case for our rights as mining districts and miners and our committed MMAC members are insuring we stay in the fight offensively at the federal level to make immediate changes nationally that will be administered locally through representative elective governance – where the local mining districts can govern land management under an MOU and the success of the MMAC Bills. Only MMAC experts can guide the miner through the complex maze to achieve this.

As we all know you can rarely get anything done that matters at the state level because the city voter base wipes out the needs of the rural voter base especially in California and as expressed in the State of Jefferson movement. MMAC has been working tirelessly for two (2) years, at great personal time and expense. MMAC Advisors and founders have formed bonds with agencies, politicians, organizations, committees and other user groups to ensure that miners and mining districts win and you get to use public lands as they were intended by Congressional Law and our forefathers.

MMAC in this short period of time has already had many successes that the miner and others, have benefited from at no expense to you. It's time for you to **GET SOME SKIN IN THE GAME!**

The Founders of the United States aren't here to fight to keep our rights, now it's OUR TURN to step up for our kids and grandkids. This is your fight whether you like it or not. Doesn't it make sense to join and support others who are taking their time to protect your rights and opportunities? MMAC is the leader in protecting your rights for MULTIPLE USE on Public Land through Mining Districts and the Grass Roots Unification Under One Large Federally Recognized Constituency. Help equip MMAC who has been and is in the trenches fighting for you. Give MMAC the resources they need to keep winning back our public land, mining, mining district and multiple-use rights. Help protect that right for yourself, family, friends, and future generations.

Contribute \$30.00 or more and stand tall with MMAC! BECOME A MMAC MEMBER TODAY!

What Does MMAC Do For You?

MMAC has several Bills and an Amendment drafted and is currently working with Legislative Counsels in Washington DC to have completed and ready for vote for 2017. Everything must

be turned in by December 1st 2016. **THIS IS THE FIRST TIME MMAC is asking FOR YOU TO HAVE SKIN IN THE GAME.**

Without you, the MMAC member's contributions/investment, toward our battles for you, our fight, would not be able to be completed. **MMAC has already proven itself with many WINS across the United States on many levels. MMAC put it's money where it's mouth was first, before asking for your help.**

MMAC has already won with:

- 62 MMAC Advisors and Administrators donating their time, money and efforts forgoing their businesses to help the miner.
- MMAC is recognized as the first Minerals and Mining organization to have proven SOLUTIONS regarding over-regulation at county, state and the federal levels.
- MMAC is the only U.S. Grass Roots Constituency for Mining Districts currently recognized in Washington DC.
- MMAC is the first U.S. Mining District support organization for modernization and recognition of Mining Districts.
- MMAC provides the only U.S. Mining District consistency that is recognized by Washington DC and state governments.
- Congressional representatives asking for MMAC's help on several levels.
- MMAC has been involved and assisted in successful reversal of land designations.
- MMAC has been involved with the reversal of court cases harmful to the miner.
- MMAC is in the middle of fostering Memorandum of Understanding's (MOU's) between mining districts BLM and Forestry.
- MMAC has been recognized for its strength, decision-making and the ability to arbitrate certain decisions.
- MMAC should be ready to litigate cases in the future with your help.

What Can You Do for Yourself and MMAC?

- Financially support MMAC.
- Volunteer and become a MMAC Administrator or Advisor.
- Show unity, unification and become a large constituency with MMAC.
- Show unity between miners and groups

JOIN MMAC TODAY!

You can register for the MMAC ICMJ package This is where the MMAC's monthly NewsLetter and updated information will be posted.

The ICMJ has been helping the mining and outdoor community for over 85 years.

MMAC WOULD LIKE TO ADD YOU TO OUR EMAIL LIST TO RECEIVE IMPORTANT NEWS AND UPDATES?

- YES** **NO**

MMAC MEMBERSHIP (Level 1 Silver): **NEW** **RENEWING**

Please accept my enrollment as a member of MMAC. Enclosed is my annual dues of _____ and my signed pledge.

I've enclosed an additional contribution of _____ to help keep MMAC fighting in Washington DC.

MMAC PLEDGE:

I understand not to become part of a detrimental group, agency, or organization to MMAC and am of current good moral character, values, reputation and not to become divisive. I agree to be bound by and comply with this pledge. For the sake of UNITY, I agree to actively promote the aims and objectives of MMAC and not to detrimentally infect or affect the good name of MMAC. I will fight to maintain the national constituency and consistency of MMAC, to make a difference for Federal (Public) Lands, mining rights and MMAC. I am eighteen (18) years old or over. If my dues are in arrears over thirty (30) days, or I fail under the MMAC Pledge, I understand that my membership in MMAC will cease to exist with no refunds.
